Where: The Green House, Pauoa, O'ahu

Who: This class is open to all educators working in Hawai'i schools.

What: Educators from The Green House will take you through the basics of gardening and show you how to get one started at your school. Workshop content will include composting and worms, building and preparing a garden bed, planting seeds and transplanting, caring for plants, harvesting, seed saving, safety concerns, and examples and ideas for applying curriculum standards in the garden. Resource materials will be provided and the booklet "Steps to a Bountiful Kids' Garden" will be available for a reduced rate of \$5. Stay for the afternoon sessions to receive 'ĀINA IS lesson plans for our school garden program. The lessons were written for grades K, 1, and 5, but are easily adaptable for any grade.

To sign up: Email the following information to lydi@thegreenhousehawaii.com.

- Your name, email address, and phone number
- Your school and grade
- First and second choice for workshop dates
- If not affiliated with a school, please explain how you will share what you learn with Hawai'i children.

Classes will be filled on a first-come, first-served basis. A confirmation email will be sent to you. Please bring a snack, lunch and water bottle, note taking materials, and a hat or other sun protection. Wear comfortable clothes and shoes, and prepare to get your hands dirty!

'ĀINA In Schools is a farm-to-school program dedicated to connecting children to their land, waters and food in order to grow a healthier future for Hawai'i. For more information about our programs visit www.kokuahawaiifoundation.org.
